## How to onboard a new organization?

SanerNow provides minimal subscriptions of 10 for a free trial of 30 days. Follow the steps below to create a new organization after provisioning the tools and updating the profile.

1. Once the tools are provisioned, and the profile is updated, you will land on the **Onboard your Organization** page.

**Onboard your Organization**

Organization Name (\*)

Allowed Subscriptions (\*) (Available Subscriptions : 28828)

Expiry Date (\*)

Tools Provision

<input type="checkbox"/> Vulnerability Management	<input type="checkbox"/> Patch Management
<input type="checkbox"/> Asset Exposure	<input type="checkbox"/> Compliance Management
<input type="checkbox"/> Endpoint Management	<input type="checkbox"/> Endpoint Query Response

2. Fill in all the details of **Organization Name, Allowed Subscriptions, and Expiry Date.**

3. Click on **Onboard.**

Your new organization will be onboarded.

**Note: The process of organization onboarding can take several minutes. Please be patient. Later, you can create different organizations in the control panel settings of the visibility dashboard.**

Now, let us understand how to create a new organization in the Control Panel Settings of the visibility dashboard.

1. Go to **Control Panel.** You will land on the **All Organizations** Page.
